Ramen Noodles

Asahikawa ramen noodles are a great way to enjoy Asahikawa's delicious bounties from the land and sea. The most popular version has a soy sauce broth seasoned with a seafood, pork bone and chicken bone stock. Asahikawa ramen noodles are crinkled so that they mix well with the soup and do not absorb too much water. There are all kinds of ramen restaurants to choose from, old favorites to famous newcomers.

One of Asahikawa's top ramen restaurants, with a history of 50 years. Make sure you try the salt ramen with its iconic clear broth.
